

Subject: Galactic Communication And The Atomic Structure of Fundraising

Residents of the Galactic Bowl-A-Thon Universe,

We as a galactic community have raised over \$8,000 since this last Thursday!! That's awesome, but we have a little under \$20,000 left to hit our mark of \$85,000. Just like the atoms and subatomic particles we divide and restructure to create meals in our food replicators, we must divide and restructure this number and then put it back together.

We make our goal if:

- Each Bowler raises \$7 a day ( $\$7 \times 302 \text{ bowlers} \times 10 \text{ days} = \$21,140$ )
- Each Bowler raises \$70 ( $\$70 \times 302 \text{ bowlers} = \$21,140$ )
- Each Team reaches their fundraising goal (\$94,700)
- Each Bowler reaches their fundraising goal (\$103,252)

To reach our goals, let's focus on the realities of life/fundraising. First, if you haven't made your asks yet, that is a good place to start. It is very difficult for any galactic life form without psychic abilities to be aware of/give to a cause if they are not asked/told about it. Second, most people need to be asked more than once before they will give a donation, and sometimes three or four times. Most of the time this isn't because people want to be difficult, it's because our lives as space adventurers and Galactic Reproductive Freedom Resistance members are busy and we lose track of/forget things. Third, make sure you reach out to people over different communication platforms. Our galactic community is connected to each other in a variety of ways, and it's important to try and connect with your community through their preferred methods. If you sent your last message as an email, follow up with a text asking if they saw your email. If you started with a private message on Facebook, try following up with a phone call. If you aren't getting a response through subspace transmissions, try the hyperspace holo-communicator.

And of course, a contest. Who raises funds for Reproductive Freedom, Justice, and Rights and wants to have a good laugh to help bolster their emotional stamina against the deluge of space trash/oppression coming from the Evil Emperor and his imperial forces? You do? Awesome, then here's what we're gonna do. Here are some new donation suggestion amounts that you

can offer to your donors. Every person who gets a donation at any of below levels (whether your donor hits the “cover the transaction fee button” or not) between today and Thursday, March 16 at 11:59pm will be entered to win 2 vouchers for any non-Saturday show at the [Brave New Workshop](#).

- \$14 - Donate \$14, that's \$1 for each year the "[Woman's Right to Know Act](#)" has been forcing anti-abortion information on people seeking abortion care in MN and making them wait 24 hours after receiving that information to access abortion care. PCR is part of a coalition called [Minnesotans for Trust, Respect, Access](#) that has [introduced legislation this year to take apart this oppressive act](#).
- \$50 - Donate \$50 to celebrate the fact that PCR has been making abortion accessible for 50 years.
- \$73 - Donate \$73 to honor the SCOTUS Roe v. Wade ruling that made abortion legal in the USA in 1973.
- \$99.95 - [Donate \\$99.95 because a first-trimester abortion is one of the safest medical procedures and carries minimal risk—less than 0.05%—of major complications that might need hospital care.](#)

OK Galactic Bowl-A-Thon-ers, fire up those comms badges, communicators, and universal translators, and send your stigma busting/fundraising signals to infinity and beyond.

*The Staff at Pro-Choice Resources*

P.S. GOT OFFLINE DONATIONS (CASH or CHECK)? [Fill out this Galactic Reproductive Freedom Resistance offline donation](#) form and bring it and your donations to the Bowl-A-Thon.
